Education
Rutgers University, New Brunswick, NJ
09/2013 – present
Bachelors of Science, Electrical and
Computer Engineering, May 2017

Experience
Center for Innovative Ventures of Emerging Technologies, *Web Developer*
03/2015 — present
Designing and maintaining the front-end for iJOBS, ijobs.rutgers.edu.
Creating a blog using Wordpress and managing the back-end using PHP.

Rutgers Engineering Governing Council, *Webmaster & Publicity Co-Chair*
11/2014 — present
Designing, developing, and maintaining a responsive website to effectively
communicate the goals, responsibilities, and achievements of the student
government body to the Rutgers Engineering community. Managing
marketing and communications by designing flyers and banners for events,
social media broadcasting, and outreach.

Tennis Buddy and Socialblood, *Freelance Designer*
10/2014 — present
Assisting with the design of the user interfaces and user experiences of the
Tennis Buddy Android app and the Socialblood iPhone app.

How to Start a Startup @Rutgers, *Class Leader*
09/2014 — 12/2014
Organized meetups for Stanford class How to Start a Startup taught by
Sam Altman. Led discussions on topics, such as startups, technology, and
entrepreneurship, with the Rutgers community.

SeamlessDocs, *Front-End Web Developer Intern*
05/2014 — 11/2014
Designed and developed responsive web pages that highlighted core
features of the service. Performed quality assurance tests on features
before they were pushed to production. Maintained the startup's blog and
wrote support documentation to help users troubleshoot. Directly reported
to the CEO.

RU-Info, *Information Assistant*
10/2013 — 05/2014
Provided customer service, campus information, and updates, in
partnership with the Rutgers Admissions Office, to students, faculty, and
staff.
